Holiday Inn® Kansas City

SPORTS COMPLEX

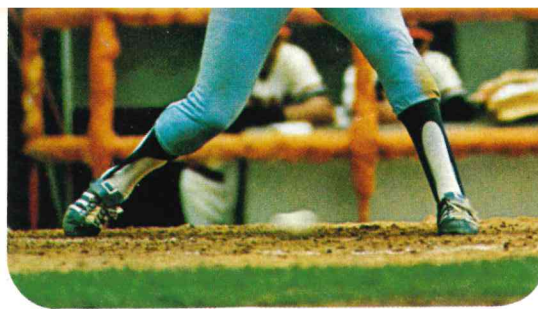

HOLIDAY PRESS MEMPHIS - LITHO IN U.S.A.

SPORTS

Holiday Inn®

Staying at the Holiday Inn-Sports Complex is an experience in visual excitement and gracious living. The bold and original decor of the lobby reflects the imagination and comfort which prevails throughout this extraordinary inn. And the lobby-mezzanine area overlooks a spectacular indoor pool and patio one level below.

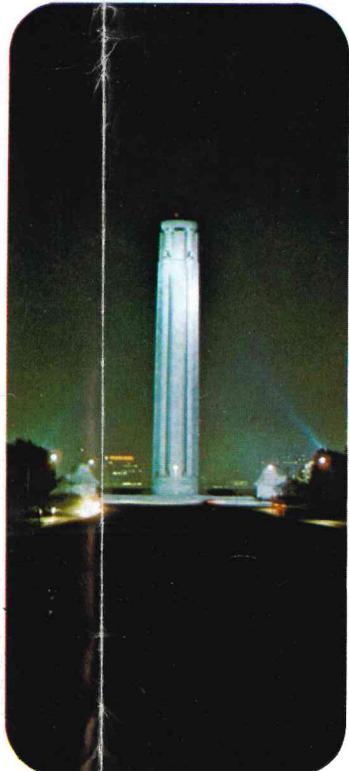

The Holiday Inn-Sports Complex is proud of its plush Kaycee's Garden Restaurant, where fine food is served in a very special atmosphere. And Kaycee's Bench Lounge, a knockout of a nightspot, serves up colorful drinks and popular entertainment for guests and local residents alike.

The accommodations at the Holiday Inn-Sports Complex are attractive and spacious. And you can choose from a comfortable single room to lavish three room suites.

COMPLEX

Holiday Inn®

The seven-story highrise Holiday Inn-Sports Complex overlooks the colossal Harry S. Truman Sports Complex, whose dual football and baseball stadiums house both the Kansas City Chiefs and the Kansas City Royals. The Holiday Inn is modern and exciting like its namesake, featuring boldly different decor and comfortable, spacious accommodations.

Kansas City and the Holiday Inn-Sports Complex are both big league. Something is always going on at the Harry S. Truman Sports Complex. And many people attending these events have discovered that the neighboring Holiday Inn is a wonderful place for an early supper or a relaxing, late-night cocktail with friends. Out-of-town sports fans have found that the Holiday Inn offers them convenience and comfort and saves them the problem of parking and cross town transportation.

The Holiday Inn-Sports Complex is only 10 minutes from downtown and east side business areas. And its location on the expressway system gives you quick access to most parts of the city, including the new four block convention center, big enough for any type of gathering.

Other attractions in the Kansas City area include the picturesque Country Club Plaza, oldest suburban shopping center in the U.S.; Westport and River Quay, historic sites which have been restored and remodeled to make quaint little shops and colorful nightspots; and Worlds of Fun, Kansas City's popular amusement park which features five international theme areas and covers over 140 acres. Another point of interest is the ultra-modern Kansas City International Airport, the first facility of its type completely decentralized to accommodate a "drive to your gate" processing system.
